YESTERDAY'S SUNDAY POST-DISPATCH  
was a hummer.

No good reason has yet appeared, for  
the passage of laws by a majority vote of  
Congress.

YESTERDAY'S SUNDAY POST-DISPATCH  
distanced its competitors in bright, readable  
special features.

The neglect of the St. Louis interests  
at Washington at the critical time will  
bring us the World's Fair we will get it.

The World's Fair question seems to have  
changed in the Congressional mind from  
the form, where shall it be held? to, shall  
it be held?

We are sorry to hear that the Lathrop  
example of disorder is spreading, but we  
are prepared to do our duty in reporting  
the news.

The weekly payment of wages will be  
one of the most important subjects for leg-  
islation before the next General Assembly  
of Missouri.

The best report of the Vail tragedy,  
with startling incidents which create suspicion of foul play, appeared in yester-  
day's SUNDAY POST-DISPATCH.

The mysterious elopement from the  
House of the Good Shepherd Saturday  
morning was published exclusively in yester-  
day's SUNDAY POST-DISPATCH.

The telegraphic news of the SUNDAY POST-  
DISPATCH was not repeated in any local  
newspaper, and was better and fuller than that of any other paper.

The wonderful increase in the want ad-  
vertisements of the SUNDAY POST-DIS-  
PATCH yesterday proves the immense pop-  
ularity of the want advertising picture.

The account of the scandalous con-  
duc of the guests of the Lucas-Hunt wedding  
at St. Alphonsus Church was an exclusive  
scoop of yesterday's SUNDAY POST-DIS-  
PATCH.

The first full account of the beginning  
and work of the Lathrop anti-saloon crus-  
aders with the pictures of the leading  
crusaders appeared in yesterday's SUNDAY  
POST-DISPATCH.

The complete statement of the Still-  
well murder mystery with the suspicious

for the first time in yesterday's SUNDAY  
POST-DISPATCH.

For the benefit of our esteemed con-  
temporaries, we repeat our remark that  
our daily circulation in the City of St.  
Louis is equal to that of both the morning  
and evening papers put together.

The news from Kansas to the effect that  
there will be no opposition to the re-electio-  
n of Senator INGALLS proves that the  
straddling capacity of the great Kansas  
stradler is unimpaired.

The only proper solution of the Lathrop  
trouble is for the authorities to punish the  
law-breaking saloonkeepers and the law-  
breaking crusaders. Thus the dignity of  
the law will be vindicated.

The report of Senators FRYE and  
DAVIS on the Union and Central Pacific  
funding schemes shows that the Repub-  
lican majority in Congress is about to  
carry out their bargain with the monop-  
olists.

publicans to succeed Judge KENNEDY  
in the building, is wishing to contract for

cause the rural districts victimized by his  
lightning-rod peddlers will have no voice  
in the city district he aspires to represent.

The Siberian horrors are getting to be  
an international European question,  
thanks to that English influence which  
shuts its eyes to the Armenian horrors  
perpetrated by MOUSSA BEY.

PERHAPS the best thing the Senate can  
do with the Montana Senatorial contest  
would be to throw it out and compel the  
new State to do without Senatorial rep-  
resentation until its Legislature can elect  
Senators properly.

A WASHINGTON book canvasser named  
REED did a lively business with the dele-  
gates to the Pan American Congress, who  
were under the impression that they were  
dealing with the Speaker of the House.  
After their experience with WANAMAKER  
the delegates, doubtless, thought that they  
were expected to "do business" with all  
the Federal officials.

THE ovation Congressman BUCKALEW is  
receiving from certain party organs will  
not last long. It proceeds from a mis-  
taken impression that he deserted the  
Democrats and took sides with the Repub-  
licans in the contest over the rules, merely  
because he voted "no" in the roll calls  
when the other Democrats refused to vote  
at all. He not only voted against every  
Republican proposal but made a power-  
ful argument against the new rules.

A PARTY organ puts REED's new code of  
rules on a par with LINCOLN's call for  
troops to put down the rebellion. But it  
is not a sectional rebellion this time. A  
revolt of the city wage-workers and of  
the mortgaged farmers of the whole  
country against unjust taxation and sub-  
sidy legislation is what Speaker REED is  
trying to put down by force, and he has  
no such popular majority of both parties  
at his back as LINCOLN had.

INSTEAD of being backed by a majority  
of the country, Speaker REED's party in  
the House represents the vote which  
elected HARRISON when CLEVELAND had  
a plurality of over ninety thousand votes.  
He is running the House with votes show-  
ing less than a majority of the members  
elected, and his plurality in the years and  
days was obtained by such gerrymandering  
as that which gives the Republican  
Congressmen from Ohio an average of  
only 26,000 votes each, while the Demo-  
cratic Congressmen from the same State  
have to represent over seventy-nine thou-  
sand each.

THE remarkable success of our offer to  
give a beautiful picture to every person  
inserting a want advertisement in the  
SUNDAY POST-DISPATCH is manifest to all  
the readers of the paper. The number of  
advertisements of this class in yester-  
day's issue was nearly three times as  
great as in the issue last preceding the  
inauguration of this generous enterprise.  
The people who have availed themselves  
of the offer have adorned their homes  
with beautiful works of art, in addition  
to securing the value of their money in  
advertisement, while the value of the paper  
to the public and to advertisers in general  
has been greatly increased. As  
the organ of the vast army of people who  
want to buy or sell, employ or be em-  
ployed, its growth in popularity must be  
rapid.

THE article in yesterday's SUNDAY POST-  
DISPATCH on the subject of weekly wage  
payments was of the deepest interest to  
workingmen and to all who have the true  
interests of labor at heart. Many rep-  
resentatives of various branches of labor  
were interviewed and every one con-  
demned the practice of withholding the  
wages earned by employees for a month.  
The practice results in gross injustice to  
the employer who enjoys the use of  
money which belongs to employees. Out  
of it grow the monstrous evils and wrongs  
of the company store and the suffering  
which debt brings upon the families of  
laborers. Common justice calls for the  
abolition of this custom and the State  
should compel the weekly payment of  
wages in all cases in which it has the  
power to do so.

## LEFT TO HIM.

Attorney-General Wood to Decide  
What Is to Be Done in the  
Midland Case.

Prosecuting Attorney Withers and  
Commissioner Ellerbe Do  
Not Know Who Should  
Proceed.

The Prosecuting Attorney of Jackson County  
says that it is not within his province  
to begin criminal prosecution unless  
a less complaint is made to him by the  
Insurance Commissioner. The Insurance  
Commissioner thinks his duty ends  
with compelling a civil settlement. He  
will leave the matter, however, to the  
Attorney-General. The case will be  
submitted to him on the 23d and Mr.  
Ellerbe will abide by his decision.

TELEGRAM received from Kansas City states  
that Prosecuting Attorney Withers has been studying the arraignment of the Midland  
Insurance Co. officers, which was published in the POST-DISPATCH, but he concluded not to take action unless complain-  
tants are made to him.

By Insurance Commissioner Ellerbe, it will be remembered that when Capt. Ellerbe was asked whether he proposed to institute a criminal prosecution against ex-Gov. Crittenden and James L. Warden, he took the position that it was not his duty to do so, that such authority rested entirely with the Prosecuting Attorney of Jackson County, where the alleged violation of the Insurance laws occurred. When Mr. Ellerbe made this announcement the Prosecuting Attorney of Jackson County was asked by the POST-DISPATCH correspondent at Kansas City what he proposed to do. He said he did not propose to do anything, but that he did not know anything about the case. In order that he might not remain in such surprising ignorance the POST-DISPATCH published in concise form a history of the case. The affidavits of Ex-Governor Crittenden and James L. Warden, to the fact that the company had a paid up capital stock of \$100,000, were presented to Mr. Ellerbe and his two attorneys, who had conducted the investigation of the company's affairs and found that the company had a paid up capital of \$100,000, and was incorporated in good faith, were published; and the law making it a felonious offense to file false affidavits with the Insurance Commissioner, was read.

Prosecuting Attorney Withers, said the reporter, "says that he cannot take cognizance of the case until information is presented to him by the Insurance Commissioner."

THE ATTORNEY-GENERAL TO DECIDE.

When the information as to Prosecuting Attorney Withers was read to him, he said he would not take any action.

## NEW RAILROAD LINES.

NEGOTIATIONS TO BRING THE M. K. &amp; T. INTO ST. LOUIS OVER THE C. ST. L. &amp; K.C.

The Arrangement Contemplates a Connection With the Vanderbilt Lines Over the Merchants' Bridge—Sale of the Alton Bridge Charter to the Burlington—What It Means.

MATTERS connected with the projected and partly constructed Alton, St. Louis & Kansas City Railroad are in a very interesting condition just now, and promise to become more so to St. Louis, and particularly to the Missouri, Kansas & Texas Railroad, the Merchants' Bridge Co. and the Big Four system. An application for the appointment of a receiver is now pending in the United States Court, but it is not yet settled, fact that the railroad will be completed from Bonneville to St. Louis, and that if a receiver is appointed, it will be President Hayward, who, though over seventy years old, devoted several years to its construction, and who is determined to see it completed. Some of the original features of the plan have been dropped, among others the erection of a bridge at Alton. The charter for this

HAS BEEN SOLD TO THE BURLINGTON

people, or at least it has been sold, and the supposition is that it was for that company, though the Burlington representatives will not speak of it, evidently not yet being ready to disclose their plans. That they have bought the charter, however, there does not seem to be any reason to doubt, particularly as before the sale of the Cleveland, St. Louis &amp; Kansas City bridge charter was known, it was reported the Burlington had determined to bridge the river at Alton. The structure, it is also said, will cost about \$500,000. It will be completed as soon as possible, with the bridge chartered to the Burlington will have a very great advantage in entering St. Louis perfectly. Its efforts to get in, as well known, have been very determined, and it only succeeded after buying the bridge at Alton. Now, however, it has now bought a bridge charter already secured which will enable it to utilize the property first purchased here without paying any toll or other charges, or being subject to any other corporation.

THE SALE OF THIS CHARTER

shows that the Burlington has given up on the part of the Cleveland, St. Louis &amp; Kansas City Co., and inquiry to-day developed the fact that negotiations are now in progress to bring the St. Louis &amp; Kansas City into St. Louis over this line, hereto connect with the Big Four system via the Merchants' bridge, whose business east and west.

The impression has prevailed that the Vanderbilts were behind the new road, and that by bridging the river at Alton and escaping tolls, they would demoralize all East and West business.

This, it is said, is a mistake. The only connection it is said, has been in having Mr. Frank G. Carpenter as managing director in the corporation in the East, and it is now understood that he is to retire and be succeeded by another, and to take another contract next week to draw on him at sight this week for money to meet all demands now being made, and expressed his willingness or desire to retire. The Vanderbilts have never had any connection with the enterprise, as they cannot build with the rights under the agreements, though it has always been understood that there would be a trade arrangement between the two systems.

THE DEATH OF THE M. K. &amp; T.

this would mean a great deal. That company must now pay whatever Gould or other lines demand to get into St. Louis or Chicago. This tell of the Alton bridge, and the price exacted by the Vanderbilts, the management of the Vanderbilts line, should be a formidable one, bringing the East and West business of the M. K. &amp; T. and the Vanderbilts lines over the Mississippi River, and will be able to provide a powerful feeder for the bridges and all of the west side river front terminals, and as their business has been here, before large towns like Chicago, the progress of the negotiations now being conducted will be watched with a great deal of interest. The success of the bridge charter and the confidence of people no know what is going on world indicate that they will be successfully carried out.

THE VANDERBILTS IN CHICAGO

however, is understood, though President Hayward used to discuss matters frequently with the road, just now, that one of the contractors on the road has offered to take another contract for \$500,000 and to make the payment in bonds in payment, while an Eastern iron company has offered to supply the rails necessary to complete the road to St. Louis, also taking the same bonds in payment. Now, has not been done with reference to either of these offers, and no action will be taken pending the arrival of the receiver. It is admitted, however, that there will be a reorganization of the company in any event. In effecting this the application for a receiver may be filed, or a receiver may be appointed to facilitate the work of reorganization.

Church Notes—The Alleged Naturalization Frauds—News and Gossip.

Mr. Rich, living on Henry street, near Twelfth, was stricken with paralysis on Saturday night and is now in a precarious condition.

The churches of Alton are receiving quite a number of additions, as the result of the recent revival services held.

Dr. E. Gibson conducted the services at the Y. C. A. rooms yesterday afternoon, and the audience was quite large and the interest good.

The Alton City Council adjourned sine die on Saturday, after a brief and unimportant session.

Another small army of Altonians left for Springfield this morning, summoned there as the result of the trial of the man who is charged with being implicated in the sealing of illegal naturalization papers.

The schools to build a new Jeptha Hall, which is to be a large and the interest good.

The Alton City Council adjourned sine die on Saturday, after a brief and unimportant session.

The services at St. Patrick's Church last evening were of especial interest. The occasion was the blessing of the beautiful oil-painting of the crucifixion by the very Rev. Dean Zobel, D.D., of Bunker Hill. Rev. Father Zobel's sermon was excellent, and the music was excellent. The large audience-room of the church was unable to hold the crowd and many were turned away.

On Saturday night, during a quarrel between Jim Duke and Wm. Brown, in the saloon of Pat Malone, on Main street, the former shot the latter through the back, dangerously wounding him. The wounded man suffered considerably yesterday, and the physician was called to him, but he died early this morning, leaving a widow and three children.

Collided With a Car.

A car on the South St. Louis line collided with a buggy belonging to Frank Gross, of Cassell street and Lamp avenue, about 8:45 o'clock last evening. Gross' buggy was uninjured. Notwithstanding this Officer Gross, as soon as he arrived on the scene, arrested Gross and took him to the second District Station. Capt. Hercules released him.

Spending for Willis Oldfield.

PAUL, Ind., Feb. 17.—One hundred citizens under Sheriff Rhinehart spent all day yesterday searching the woods and fields be-

tween this city and Lewistown for some traces of the body of Willis Oldfield, who has been missing since Dec. 23. Mrs. Barnes and Willis, both 19 years old, went out shooting and the boy returned alone, saying his gun had got a drink at a farmer's house and that he had seen his gun and found it in a tree. He told different stories and the gun was found.

Many friends and relatives accompanied the searchers to Carrollton to participate in the exercises attending the burial.

MANY FRIENDS AND RELATIVES ACCOMPANIED THE SEARCHERS TO CARROLLTON TO PARTICIPATE IN THE EXERCISES ATTENDING THE BURIAL.

The active members of the St. Louis Turners' Society met yesterday afternoon at the Central Club, 11th and Chestnut, and began arrangements for an entertainment to be given March 23, for the benefit of the expenses of the society's trip to Quincy, Ill., where the June festival will be held this year. It will open June 14 and close June 25.

AT WEST END HALL.

A well-known entertainment was given at the West End Hall, the Thalia Mandolin and Guitar Club.

The entertainment was a success in every particular.

The farmers' friend has for many years been Dr. J. H. McLean's Volcanic Oil Liniment, for horses, cattle, hogs and sheep. It has proved its worth in thousands of cases.

### A WANDERER'S RETURN.

Reappearance of a Young Man Who Had Been Given Up as Dead.

RICHMOND, Ind., Feb. 17.—Last August Platt Robinson, an employee in the office of the Robinson Machine Works, owned by the family, went to Lake City, Minn., for an outing. On the evening of September 6 he took a boat and said he was going up to Lake Pepin for a swim. He never returned, and it was assumed that he had lost a vestige of clothing. His father, H. F. Robinson, left for there next morning and after further search for his body, but in vain. Last summer there were other indications that he was still alive, but nothing definite was put on the case, and a theory advanced by the family physician that he had had appendicitis and temporarily left on a pleasureless trip, a regular Tasoff experience, in looking up or going after persons resembling himself. The boy had been ill, however, given up and the mother put on mourning. Saturday night he walked into the house looking like a man who had just come from a walk. The physician was right in his conjecture. The young man is still a sufferer, as though from nervous trouble. He has been seen in the city since, but has not been seen again. Three weeks ago he had worked his way up to Harlem, Mo., and there was drilled into Kansas City, where he realized his situation and then started homeward several days ago.

She Wants a Divorce.

To Telegraph to the POST-DISPATCH.  
WILMINGTON, Del., Feb. 12.—A short time ago Wilmington society welcomed into its ranks Mrs. Burke-Roche, the beautiful and wealthy daughter of Frank Work, the well-known broker, and wife of the brother of Lord Fermoy. She soon became a great favorite.

There were some whisperings soon after arriving concerning her, and she was received into New York society. It now transpires that she comes here in order that after residing in the State for a certain period she may secure a divorce from her husband. Mrs. Roche will not converse on the subject nor even admit her return. It is known her husband has failed to contribute to her proper maintenance for the past three years, and it is presumed that she has been stimulated to seek a divorce here by the advice of Miss Cornelius Van Anten at the last General Assembly. Her case is already said to be in hands of a prominent member of the local bar.

### Shot From Ambush.

To Telegraph to the POST-DISPATCH.  
COLUMBIA, S. C., Feb. 17.—John Hood, father of Sheriff Hood of Chester County, was murdered from ambush Saturday night by a negro named Green Brown. Hood was a man about 75 years of age. After supper last night he went for a stroll of the streets and when he reached a dark corner he was fired on two loads of shot from his body and killing him instantly. The body was then rolled by the murderer into a ditch where it was discovered. The negro was found with a gun in his possession. He was placed under arrest and brought to the police station. The negro was separated from his wife, suspecting her of infidelity, and had stationed himself near the house, and fired on the old man, whom he thought was about to enter the place.

### Riot on a Train.

To Telegraph to the POST-DISPATCH.  
CAMDEN, N. J., Feb. 17.—A pitched battle occurred on a Delaware and Hudson passenger train between the city and Wilkes-Barre on Friday night and nearly a car load of passengers took part in the fracas. One member of a party in the car had refused to pay, and was ejected by the conductor, Archibald Thompson, the jester of the friends, who assaulted the conductor. A gang of гарпeaux employed by the railroad company tried to stop the conductor and they trudged and a free fight ensued, in which many of the combatants were badly used up and their blood freely spattered over the car.

The conductor, Thompson, a friend of the friend that he is in great form and is confident of winning the battle. When the passengers were very injured about the head, and some of the passengers were severely pummeled, the passengers who took no part in the fray were panic stricken. Some of them left the train and walked to their destinations. No arrests were made.

A Crack Amateur Wrestler.

The catch-as-catch-can wrestling match between Charles Witmer, champion of the Cincinnati Gymnasium and Tom Cannon, the champion of the world, at People's Theater last night, was a magnificent exhibition of the art. Admirers of the local man were jubilant over the enthusiasm shown against the great English wrestler. That he was able to withstand the attacks of the champion, who was a long time in the ring, and yet won, was a remarkable achievement, particularly for the lightweight champion.

### FOOT-BALL GAMES.

The Kensingtons won the foot-ball game at Sportsman's Park yesterday afternoon, defeating the Hibernians by a score of 1 to 0.

At the Christian Brothers' College the college boys were defeated by the Pastimes by a score of 1 to 0.

The Kensingtons and the Pastimes played a draw game at Amateur Park, neither side scoring a goal.

The M. A. A. C. eleven and the Independents of the Christian Brothers' College at the college grounds played a tie game before the championship contest between the regular college team and the Pastimes took place.

Racing News.

The Kensingtons won the foot-ball game at Sportsman's Park yesterday afternoon, defeating the Hibernians by a score of 1 to 0.

The Pastimes were defeated by the Hibernians by a score of 1 to 0.

The Kensingtons and the Pastimes will be at an end and a site selected, or the exposition definitely abandoned.

This state of affairs was anticipated a few days ago, as it was the general opinion of those at Washington that the contested election case would be taken up at once, and the event would have been impossible to have taken up in the World's Fair within a few weeks.

But when the committee reported that the election case was not in a position to be considered at once, it was decided to take up the World's Fair ball and to bring it to a vote this week if possible.

TWO PROPOSITIONS WILL BE PRESENTED to-morrow, one allowing three days for discussion, the vote to be taken on Friday, and the other allowing but a single day for Thursday.

That this change of plan may prove disastrous to the candidacy of St. Louis is admitted by the members of the Executive Committee, although all the members still believe that the chances in favor of the choice of the House of Representatives falling upon this city are most excellent. But were the vote to be postponed for several weeks the strength of St. Louis would have been
